WEDNESDAY 23 SEPTEMBER 2020: Water looks good, toilets and refuse removal still bad.

The situation in non-metro municipalities remains stable with reasonable access to water, but with a few persistent crisis points in toilet cleaning and refuse removal. After the situation was initially dire, Witzenberg has provided consistent water and refuse removal.

HOTSPOTS

- There has been no improvement in the cleaning and draining of toilets in Emalahleni, Emfuleni, Msunduzi and Witzenberg. One Msunduzi resident remarked;

  “I’ve never seen the municipality draining our toilets.”

- Refuse removal remains almost non-existent in Emalahleni, Emfuleni and Msunduzi.

GOOD NEWS

- Due to a slight improvement in access to water, Emalahleni’s traffic light turned from red to dark orange.
